

Serial No. 10/808,953

**REMARKS**

This amendment is responsive to the office action dated December 29, 2005. Claims 1 and 3-13 remain pending in this application.

**I. REQUIREMENT FOR RESTRICTION**

The applicant was required to elect a single species for prosecution if claim 1 (the generic claim) is not finally held to be allowable. The Examiner stated that the present application included claims that are directed to four different species of the claimed invention:

A - Fig. 7 (claim 5)

B - Fig. 8 (claim 4)

C - Fig. 9 (claim 7)

D - Fig. 10 (claim 6)

The applicant submits that there is also another species that was not listed by the examiner, namely, the following species:

E - Fig. 3 which corresponds to claim 8 (circular mirror, circular housing and square base plate).

Accordingly, applicant hereby elects, without traverse, the species "E" that corresponds to Fig. 3 and claim 8.

If the examiner does not consider that species "E" is a proper species, applicant hereby elects, without traverse, species "A" that corresponds to Fig. 7 and claim 5.

Accordingly, claims 1 and 3-13 are believed to be in condition for further action on the merits.

Corresponding action is respectfully solicited.
